

ONE of the main initiatives of the MyConstitution campaign for the past two years was to produce a series of simplified 'guides' on the Federal Constitution, known as The Rakyat Guides (RG).

On 02 April 2011, the last RG was released, completing the series of 9 booklets. The complete set goes for RM6.00 per set as contribution to the cost of printing the booklets. It is not for profit.

The booklets are available at the Bar Council and State Bar Committees, as well at certain events participated by the Committee. We are also working towards trying to make the booklets available at bookshops throughout the country.

Soft-copies of the booklets are available online. Of course, the hard copies are much nicer! Anyway, please sebarkan!
