Stories from the Margins by Malaysia Kini News Lab are eye- openers.

The stories invite us to read and reflect on our lives in Tanah Air, that some of us take for granted! They challenge us to empathise with the less fortunate co-inhabitants of this Planet.....

Lone Passage covers the stories of children " fleeing war, persecution, abuse.....(and) have made the perilious journeys.....to reach Malaysian shores - all on their own."

The stories are at link below.....please read & share. TQ
