CAN'T put a finger to it, but woke up this morning seeing all things yellow. No other primary colour in the light spectrum draws such opposite reactions. On the one hand - sunshine, warmth, friendship, hope, optimism. On the other, cowardice and sensationalism.

[Yellow](#) , oh yellow. How so contested is thy value.

Here in Malaysia, we have our share of everyday objects cast in yellow. So we thought, why not run a weeklong photo festival of objects or scenes with yellow as its subject? You know, Malaysiana Yellow. Just for the hell of it. Saje. Daily, over the course of the week, you'll find on this page new pictures on this theme, added here with captions, and hopefully gain something about the beauty of this land and its culture.

Most of all, join us - take some pics yourself and send them [over](#) . Let's together make this a happy-happy yellow fest. Meanwhile, enjoy.
