Today, IDEAS has launched a blueprint entitled *"Reforming Our Institutions: Blueprint for Reforms*.

***" The blueprint was developed through engagement with multiple Civil Society Organisations (CSOs), experts and Members of Parliament in an effort to identify reform priorities over the next three years, as well as interlinkages between specific reform initiatives.***

***Recognising that there are a slew of institutional reforms that Malaysia must implement across different areas, we have put together a visualisation of 13 individual reforms, which fall into four clusters."***
